BON Appetit Korea Store #1

Startup Cost Plan · Itaewon, Seoul

Prepared 17 October 2026

Dear BON Appetit Team,

Thank you for your support for bringing BON Appetit to Korea.

We have found a site for the first Korean store in Itaewon, Seoul. Itaewon is one of Seoul's best-known areas for international food, with many foreign visitors and residents. The building has a basement, two floors and a rooftop. We plan an open kitchen on the first floor and seating on the other floors.

We have prepared an estimate of the startup costs. This plan starts with an overview of the Itaewon market and planned developments nearby, followed by five parts:

- Part A: Project overview
- Part B: Startup investment summary (estimates in KRW and USD)
- Part C: Equipment list for your approval
- Part D: Brand standards we need you to confirm
- Part E: Next steps

All amounts are estimates. We have not received contractor quotes yet. Commercial terms will be discussed separately.

Could you please fill in the blank columns in Parts C and D and send them back when convenient? If it is easier, we are happy to go through them together on a video call.

Thank you very much. We look forward to your reply.

Market Overview: Itaewon

Itaewon became Seoul's first Special Tourist Zone in 1997. It grew next to the former U.S. Army base in Yongsan and is known for international food, nightlife and a large foreign community.

The store is in the Noksapyeong area of Itaewon. It is a 5-minute walk from Noksapyeong Station and next to the Yongsan District Office. Noksapyeong links Itaewon with Yongsan Park, and Gyeongnidan-gil and Haebangchon are close by.

The area is recovering well. Small-store vacancy in Itaewon fell to 3.9% in Q3 2025, from 13.9% a year earlier. Side-street restaurants and bars are busy with young Korean and international customers. Land prices in Yongsan-gu rose 6.15% in 2025, the second highest of Seoul's 25 districts.

Opening marketing	4,600,000	3,455	2,207,000 – 8,000,000
Pre-opening staff training	5,901,000	4,432	1,710,000 – 10,562,000
Contingency	18,590,000	13,963	8,570,000 – 35,370,000
Total startup cost	**321,541,540**	**241,506**	**219,825,670 – 463,170,610**
Working capital (3 months)	67,500,000	50,699	26,370,000 – 117,290,000
Total funds required	**389,041,540**	**292,205**	**246,195,670 – 580,460,610**

- All figures are estimates based on market prices. We will update them after we receive contractor quotes.
- The cost of sauces and seasonings supplied by HQ is not included. We need your price list (Part D).
- Commercial terms will be discussed separately and are not included in this total.

Part C. Equipment and Interior Confirmation

Please check if each item meets the BON Appetit standard. If not, please write the required specification.

Item	Our proposed local model	Qty	HQ standard spec	Approve (Y/N)	HQ comment
Contact grill (double, 2.2 kW)	Sipiryong electric panini press / Moritz MWG-101HJ	3			
Topping cold table with glass sneeze guard	Busung 1800 sandwich table + glass guard	1			
Electric fryer, 2 baskets	Grand Woosung WS-EFS20	1			
Electric griddle 900 mm	Daeshin DS-900 / Woosung WS-M900	1			
Cheese sauce warmer, 4 pans	BMP 4-pan electric warmer	1			
Reach-in fridge/freezer (45 box)	Unique Daesung UDS-45VRFDR / Starion SR-C45AS	1			
Under-counter freezer 1200 mm	Starion SR-T12DSE	1			
Ice maker 50 kg	Airex AL-N50K	1			
Under-counter dishwasher	Grand Woosung WSD-8010	1			
Stainless work tables, sink, shelves, hand sink	Local stainless (SUS304)	1 set			
Food warmer for takeout orders	Double-door warmer 450	1			
Order label printer	Bixolon SLP-DX420	1			
Beer and drink display fridge	2-door showcase	1			
Draft beer dispenser	2-keg dispenser fridge	1			
Small tools and utensils	Local supply	1 set			
POS and card terminal	Toss Front + Toss Terminal	1 set			
Interior design (open kitchen, 3 floors, rooftop)	Local designer, following HQ guide	–			
Signage	Front channel sign + projecting sign	–			

Part D. Brand Standards to Confirm

Item	Our assumption	What we would like to know	HQ answer
Required equipment specifications	Local models in Part C are acceptable		
Interior and rooftop design guide	We follow the HQ guide using a local contractor. Exterior: repainting only	Guide and approval steps	
Signage specifications	Front channel sign and projecting sign	Logo files and rules	
HQ-supplied sauces and seasonings	To be provided by HQ. Import through a registered Korean importer	Price, shelf life, halal certificate, export documents, minimum order	
Ordering line standards	Customers choose fillings at the counter	Filling list, display rules, staff per line, peak capacity	
Sales by channel at your stores	We plan for 30–70% delivery and takeout, base case 50%	Dine-in / takeout / delivery share	
Delivery menu and packaging	Same menu for delivery	Delivery-only items, packaging specs and suppliers	
Delivery quality standard	–	Maximum time from cooking to delivery	
Delivery platforms	Baemin, Coupang Eats, Yogiyo in Korea	Which platforms you use and how	
Menu localization	Korean and English menu, some local items	What we may change	
POS and IT requirements	Toss POS with delivery order integration	Any required system	
Multi-floor store experience	We assume none	Any examples	
Average store size, seats and investment in Indonesia	–	For reference only	

Part E. Next Steps

1. Please return Parts C and D when convenient.
2. We suggest a video call after your reply to go through the open items.
3. After we receive your answers, we will get contractor quotes and send you an updated cost plan.
4. Commercial terms will be discussed separately.
